

A HOLIDAY ON THE TOWN

FEATURING SOPHIE ELKUS, FASHION BLOGGER OF
"ANGEL FOOD STYLE"

Urban/edgy, reads the invitation; and that calls for a mix of femme and fierce. Tonight, it's the most body-con dress and tough-as-nails jacket, coupled with undone hair with a cool, city edge—sleek and chic and beautifully shiny, thanks to a bold middle part and some strategic moves with the flat iron. For the quickie how-tos (and products to use!), stay with us right here...

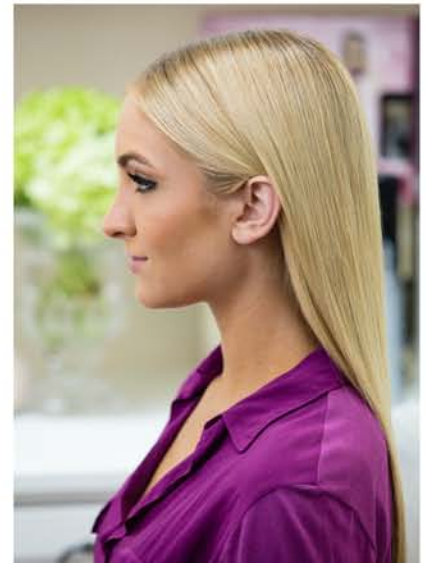

01. Prep clean hair with **Heat Set Blow Dry Creme** and blow dry with a paddle brush. Part hair in the center. Take $\frac{1}{4}$ - $\frac{1}{2}$ " diagonal sections and apply **Iron Clad Thermal Protectant Spray**.

02. Comb sections through to remove any tangles. Place the comb at the base of the section and insert the flat iron around the section behind the comb. Follow smoothly through the ends of the section. Continue the process throughout the headshape.

03. Neatly secure the front sections behind the ear. If needed, small bobby pins can be used to secure the sections in place.

04. To insure a modern finish, place the hair behind the shoulders. Apply **Humidity Blocker Finishing Spray** and finish with **Power Spray Fast-Dry Finishing Spray**.

05. Finished look
