

A TIMELSS GLAM HOLIDAY

FEATURING SOPHIE ELKUS, FASHION BLOGGER OF
"ANGEL FOOD STYLE"

Sometimes, the most sophisticated looks are the easiest in your repertoire. And that's the case with this black-on-black showstopper paired with pulled-back-tresses: The outfit? Two pieces and utterly easy. The hair? Just as much so—a clever twist on the classic pony, and a season-centric wreath of gold to top it all off. Here's how to make it happen in minutes....

01. Prep clean hair with **Heat Set Blow Dry Creme** and blow dry with a paddle brush. Gather the hair into a low ponytail. Tame flyaway's with **Power Spray Fast-Dry Finishing Spray**.

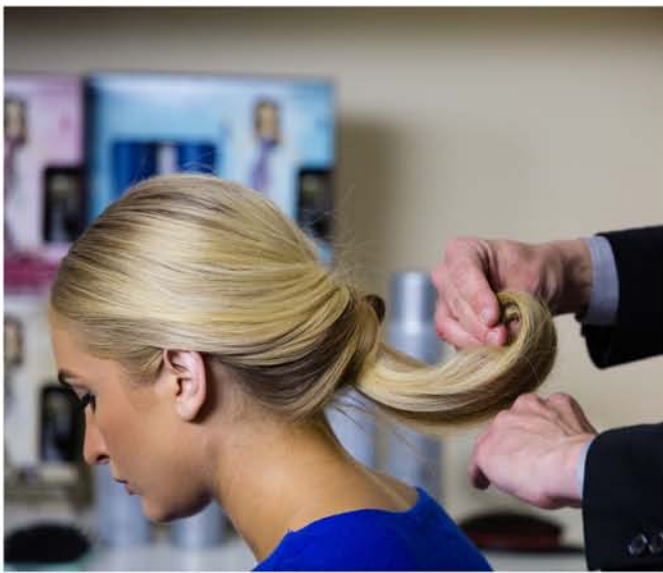

02. Just above the elastic band, gently insert your thumb and index finger from underneath to create an opening at the nape.

03. Direct the ponytail up and through the opening at the nape.

04. Pull tightly outwards at the base of the ponytail to tighten the shape. Use **Power Spray** to tame flyaways.

05. Create a barrel curl by starting with the ends of the ponytail and wrapping them up towards the base. Secure with bobby pins and finish with **Power Spray**.

06. Accessories can be added to enhance the shape.

07. Finished look
